10th March 2023

Dear Parents and Carers

The children have had a wonderful time this week playing in the snow, although we know many of them were disappointed not to be able to participate in the scheduled cross country events; hopefully these will be rearranged in the not too distant future.

The children have also had lots of fun being creative with Science. Thank you to Mrs Mann, our Science Champion, for organising a wonderful STEM day on Tuesday! All the children worked scientifically, asking questions, predicting, conducting fair tests and drawing conclusions when completing a range of activities on their 'Big Question' around the theme of 'Connections'. There is also an opportunity for the children to design a poster to share their learning and aspirations on this topic as part of National Science week. Please see the class padlets for further information.

Best wishes, Katie Gane.

Comic Relief 2023 - Sport for All Competition - Friday 17th March

At Priors Field we will be raising smiles and raising money for Comic Relief on Friday 17th March 2023. In a slight change to the date previously advertised, we will now be holding our annual Sport for All inter-house competition to coincide with this event. The children will be participating in a number of fun sports-related activities and will therefore need to wear their active wear uniform on this day, but we are also inviting them to come to school with 'crazy' hair (and a red nose if they have one) in exchange for a donation to the Comic Relief charity appeal. Thank you, Katy Braley

A message for everyone from Year 5 - Red Nose Day Activities!

On Friday 17th March Year 5 will be doing a fundraiser for Comic Relief/Red Nose day as part of some of the work we have been doing in PSHE. We will be making fun activities for each year group to complete during the afternoon. Some of the activities will be Chuck a Nose, a fun Talent Show, Design Your Own Nose, Penalty Shootout, Rubix Red and Launch the Red. It will be 20p a turn or 50p or for 3 goes. Please bring in some money to support this event. Thank you, Eli and Edie

King's Coronation Celebration at Kenilworth Castle

Our school choir have been invited to sing at a community event at Kenilworth Castle to celebrate the King's Coronation. At the moment, this is the information I have, but I will update you when I have more details. I will also send out a consent form for those children who have expressed an interest in taking part. The choir will perform at Kenilworth Castle on Sunday 7th May from 11am - 12pm. There will be big screens at the castle, which will be showing family films on the Sunday and Monday. Families of the participating children will be able to enter the castle for free on the Sunday. Helen Lloyd

STEM Day

To join in with the national ten-day celebration of STEM: Science, Technology, Maths and Engineering, we held a whole school STEM Morning on Tuesday 7th March. All the children worked scientifically, asking questions linked to this year's theme of 'Connections'. As a school we decided to focus on the connections we have with our planet and those our planet has with us. Each year group focused on a UN Sustainable Goal with a leading question to try and answer. Please talk to your children about their findings for their class question and how they can contribute to sustainable living in the future. Raminder Mann

Reception

How can we look after our planet?

Year 1

What would happen if there were no plants or animals left in the sea?

Year 2

Why are people going hungry if we grow our own food?

Year 3

What would happen if there were no plants or animals left in the sea?

Year 4

Why is water so important?

Year 5

What would happen if we ate the same foods every day?

Year 6

What is the future for electric power?

Rainforest Day - Year 4

On Wednesday 8th March, Year 4 had the rainforest workshop with Simon the expedition leader. We learnt about the different layers of the rainforest, along with the wildlife and plants that live there. We created our own undiscovered animals and explored the indigenous rainforest people's lives. We cracked codes to find out more about the dangers of deforestations and the consequences it may lead to. We had such an interesting and fun day! Blake and Niamh R, Year 4

Rainbow Club

Please note that Rainbow Club bookings for Summer 1 term will go live on Tuesday 21st March at 8am. An e-mail has been sent out this week with full details.

If you need any further information please contact the Rainbow Club team on rainbows@welearn365.com

Year 5&6 Girls' Football Festival

On Friday 3rd March, 12 girls from Years 5 & 6 attended a football festival hosted by Crackley School. The day consisted of twelve 10-minute matches against various other schools, along with a couple of training sessions with local clubs and companies. Priors Field has a tough start but improved massively as the day went on. A huge well done to all the girls for representing us and making Priors Field proud. Special shoutouts go to Martha for some match saving performances in goal, and to Elsie who has quickly taken up football to become a natural in defence!

Big Walk & Wheel - 20th to 31st March 2023

Get set... we're taking part in 'Big Walk and Wheel 2023' - the UK's largest inter-school cycling, walking and scooting challenge. The challenge runs from 20th - 31st March and children are encouraged to walk, cycle or scoot to school on as many days as possible during the event for a chance to win prizes for school whilst also promoting a healthy lifestyle and cleaner air. We will be sending out further details next week, including how you can be involved if you live further afield. Thank you, Katy Braley

Vision Champions

This week we are celebrating these children for their super learning and behaviour and demonstrating our school vision in action:

Reception: Isla

Year 1: Henry

Year 2: Emily

Year 3: Faith and Cybi

Year 4: Robbie

Year 5: Felix and James
